

## CHEETAH - 2nd Expert Workshop

### “Household Energy Efficiency Adoption Behaviour: Integrating Findings From Choice Experiments Into Energy Models”

1 pm - 1.15 pm	BRISKEE: Overview of project and major findings (Wolfgang Eichhammer, Fraunhofer ISI)
1.15 pm - 1.30 pm	CHEETAH: Explaining project aims and logic (Barbara Schломann, Fraunhofer ISI)
1.30 pm - 2.15 pm	Overview of the first survey results (Joachim Schleich, Grenoble Ecole de Management)
2.15 pm - 2.45 pm	Panel discussion to generate further ideas for analysing the data
2.45 pm - 3 pm	Coffee Break
3 pm - 3.45 pm	Presentations of the link between the survey and the three models (TU Wien; TU Delft; Fraunhofer ISI)
3.45 pm- 4.30 pm	Small group discussion on the implementation of the survey into the three different approaches (ABM, Forecast (appliances), INVERT (buildings))
4.30 pm - 5 pm	Summary, Outlook and Open Discussion (Wolfgang Eichhammer, Fraunhofer ISI)
